### What are the perks of attending Our 4K Program?

Your child will not have to get off a bus or transfer buildings to receive a top-notch education.

No need to seek alternative care when school is in session. Your child will maintain a stress-free attitude as they learn in confidence throughout the entire day and week.

Our class sizes are small and intimate allowing your child comfort and ease while learning.

Your child's teacher will be interactive at all moments offering a "home away from home" feel and less hectic environment.

Self-help skills will be mastered so your child will have the level of independence as well as confidence necessary for Kindergarten.

The real world comes very quickly. Our goal is to provide a program that will encourage your child's self-assurance, so they will be ready to take the world by storm!
