Outstanding 4K Program

A program that will give your child confidence while building their individual character. Not only will your child learn educational topics but also explore the world through creativity & a wide range of learning methods. By the end of the year your child will be ready to conquer Kindergarten with a smile on their face & pep in their step!

Our Purpose

Kid's Kountry Learning Center will serve children ages 6 weeks through 12 years. Offering a morning preschool program and full or part time child care. The center and staff will provide an environment with opportunities for growth in the areas of large and fine motor skills, social development, music, art and creative play.

Most importantly, Kid's Kountry seeks to provide an atmosphere which promotes caring and consideration for others, as well as confidence in each child's abilities and an eagerness to learn!
